Address : jln. Rungkut lor Gang X No. 37A Kec. Rungkut, Kota Surabaya, East Java, 60297

Profile

I am a graduate of Informatics Engineering from UPN "Veteran" East Java with a GPA of 3.86. Possesses hands-on experience in full-stack web development using Laravel and native Android development with Kotlin, gained through intensive internship and independent study programs. Proven ability to deliver functional applications both independently and as part of a collaborative team. Eager to contribute technical skills to a challenging role as a Mobile Developer or Web Developer.

Education

UPN "Veteran" Jawa Timur	2021 - 2025
Faculty of computer science, Informatics	GPA : 3.86/4.00

Experience

Software Developer Intern | PT. IGS Indonesia February 2024 - July 2024

- Developed a full-stack E-Portfolio system for Prior Learning Recognition (RPL E-Porto) using Laravel, enabling admins, students, and assessors to manage the entire credit conversion process.
- Built the lecturer's Outcome-Based Education (OBE) mobile application using native Kotlin, extending the functionality of the existing web platform.
- Maintained and supported the web-based OBE application, ensuring its core functionality for calculating student learning outcomes (CPL).

Mobile Development Study Independent | PT. Kinema Systrans Multimedia

August 2023 - December 2023

- Completed an intensive program focused on native Android development using Kotlin.
- Collaborated in a team to build Eduvion, a mobile application designed to facilitate the thesis supervision process. My role involved coding and implementing core application features.

Organization Experience

- Served as the Head of Student Council at SMAN 3 Tuban for the 2019/2020 period

Additional

- **Skills :** Kotlin, PHP, Python, C++, SQL, Git, Figma, Microsoft Excel
